

Business Shirts Service

Few people have the time to wash and take care of the large number of shirts that members of

Wet-cleaning service

Even if your clothing care label says "Do not dry clean" Deluxe can still take care of even the most delicate items with its range of wet-cleaning options. The delicate wash cycles on our Electrolux washers simulate a hand-wash, using a high water level and minimal agitation. Combined with fabric softeners and soaps for delicate fabrics, even silks are easily washed. The key to good results for wet-cleaning is in the finishing as lots of steam and relaxation is required to restore the lustre of fabrics after washing. Our finishing equipment and experienced staff are more than capable.

Household laundry & bedding

Deluxe can also take care of the table-linen and bed linen for your home.
